Law Enforcement Training Center Advanced/Specialized Course Rules and Procedures

These rules govern the conduct of students while attending the South Dakota Law Enforcement Training Center. They are based upon a consideration for other residents, health, safety and to promote an atmosphere for learning. Each student must become familiar with the expectations these rules place upon them.

It is the policy of the Training Center to advise a student's department head of any disciplinary action or reprimand the student encounters while residing at the Training Center. Conduct which could discredit the student, the Training Center, the law enforcement profession, or which creates unnecessary conflicts among the other students may result in immediate dismissal or suspension from the Training Center.

Students should be aware of the burden of all law enforcement officers to serve as a positive role model for others and should conduct themselves accordingly during their stay here.
