7. A “complaint” by Steve Myers could entail any variety of “complaints” that could be discussed in an open meeting.

8. The Board of Trustees did not specify any particular matter enumerated in SDCL 1-25-2 prior to entering executive session.

9. The Board of Trustees did not specify a federal law that permits going into executive session.

11. On May 8, 2024, the Board of Trustees held a regularly scheduled meeting.

12. Before the meeting officially started, citizen Steve Myers held up his hand-held audio recorder. Steve Myers told the person to his right that he

was recording. The recording device was on the table in the vicinity of Myers. This recording device was in plain sight on the table five (5) feet from the treasurer and six (6) feet from the president. No disruption of the meeting occurred at this point in time.

13. The meeting started. Sometime during the beginning of the meeting, Steve Myers expressed objection to the secretary misquoting him in past minutes of meetings. An exchange of words occurred between the trustees and Steve Myers. The meeting at this point could be considered disruptive concerning the alleged misquotations.

18. At approximately just over 9 minutes into the meeting, another member of the public had Googled the question of recording a public meeting and stood up and read the answer. She stated the law allowed meetings to be recorded.

19. Prior to the announcement by Steve Myers that he was recording the meeting, it appeared the Board of Trustees did not notice that Steve Myers was recording the meeting.

20. The disruption of the meeting was not caused by the audio recording pursuant to SDCL 1-25-11 as there was no knowledge indicated by the Board of Trustees that the meeting was being recorded prior to Steve Myers announcing he was recording the meeting.

21. Any Finding of Fact more appropriately labeled as a Conclusion of Law is hereby re-designated as such and incorporated below therein.

#### CONCLUSIONS OF LAW

1. The Green Valley Sanitary District Board of Trustees, as the governing body of the Green Valley Sanitary District, Pennington County, South Dakota, is a public body subject to the open meetings requirements of SDCL ch. 1-25. The Open Meetings Commission has jurisdiction over this matter pursuant to SDCL ch. 1-25.

2. SDCL 1-25-1 states, in pertinent part:

An official meeting of a public body is open to the public unless a specific law is cited by the public body to close the official meeting to the public.

3. SDCL 1-25-2 provides exceptions to the open meetings requirement set forth in SDCL 1-25-1. SDCL 1-25-2 permits governing bodies to enter executive or closed meetings for a litany of topics set forth in the statute.

4. SDCL 1-25-2 does not require that the specific subject of an exception be listed on the agenda as a condition for entering executive session. However, when the motion is made to convene an executive session, the motion must clearly state the legal basis for doing so, as authorized under applicable state statute or federal law.

5. On April 10, 2024, a motion is made to convene an executive session, and the motion did not clearly state a permissible specific purpose or legal basis for doing so, as authorized under applicable state statute or federal law.

6. The Commission concludes that the Board of Trustees did violate the state open meetings laws when Green Valley Sanitary District Board of Trustees went into executive session without stating an authorized specific law for doing so in violation of SDCL 1-25-1 and 1-25-2.

7. SDCL 1-25-11 states:

No public body may prevent a person from recording, through audio or video technology, an official meeting as long as the recording is reasonable, obvious, and not disruptive. This section does not apply to meetings closed to the public pursuant to specific law.

8. The Commission concludes disruption of the meeting was not caused by actions of the audio recording pursuant to SDCL 1-25-11 as there was no acknowledgment displayed by the Board of Trustees that the meeting was being recorded prior to Steve Myers announcing he was recording the meeting.

9. The Commission concludes that the Board of Trustees did violate the state open meetings law SDCL 1-25-11 when a member of the Green Valley Sanitary District Board of Trustees asked Steve Myers to stop recording the public meeting and Steve Myers stopped his recording.

10. Any Conclusion of Law more appropriately labeled as a Finding of Fact is hereby re-designated as such and incorporated above therein.
