Dear Mr. Weiland:

SDCL 12-13-25 requires the South Dakota Legislative Research Council (LRC) to review each initiated measure submitted to it by a sponsor, for the purpose of assisting the sponsor in writing the amendment "in a clear and coherent manner in the style and form of other legislation" that "is not misleading or likely to cause confusion among voters."

LRC encourages you to consider the edits and suggestions to the proposed text. The edits are suggested for sake of clarity and to bring the proposed measure into conformance with the style and form of South Dakota legislation. LRC comments are based upon the Guide to Legislative Drafting, which may be found on the South Dakota legislative [website](#).

Initiated measure as submitted with comments following:

BE IT ENACTED BY THE PEOPLE OF SOUTH DAKOTA:

That Title 10 be amended by adding a NEW SECTION to read:

Notwithstanding any other provision of law, the state may not tax the sale of anything sold for eating or drinking by humans, except alcoholic beverages, tobacco, or prepared food.

1. The proposed language provides that "[t]he state may not tax the sale of anything sold for eating or drinking..." The proposed language assumes the "state" has the authority to impose a tax on the purchase of food and beverages. The state, on its own and by its very nature, does not have, separate from the law, the authority to impose a tax. The "state" (in most instances an executive branch agency) has the authority, as provided by law, to collect certain taxes. But the *law* provides the authority to impose a tax. For example, SDCL 10-45-2 provides the following:

There is hereby imposed a tax upon the privilege of engaging in business as a retailer, a tax of four and one-half percent upon the gross receipts of all sales of tangible personal property consisting of goods, wares, or merchandise, except as otherwise provided in this chapter, sold at retail in the State of South Dakota to consumers or users.

In the SDCL 10-45-2 example, the law imposes a tax "upon the privilege of engaging in business as a retailer." Retailers collect the tax and remit it to the state in compliance with the law. The state does not impose the tax.
