# Survey Method

In May of 2013, the South Dakota Criminal Statistics Analysis Center (SAC) surveyed sheriff offices in the state. An electronic survey questionnaire link accompanied by instructions was sent to all sheriff offices via email.

This was the 15th time the SAC compiled statewide management data pertaining to South Dakota sheriff offices. The results of this survey are intended to provide sheriffs with a valid means of comparing expenditures and resources of offices across the State. In addition, the results should provide the sheriffs with a substantial basis from which to justify future managerial decisions.

Currently, there are 66 sheriff offices in South Dakota (this figure does not include tribal agencies). Sixty-two offices returned surveys yielding a total response rate of 94%.

The survey instrument is a self-report completed by the sheriff or office staff. All questions were designed to be objective; however, some questions may have been subject to different interpretations. Thus, this report can only reflect summary results that are as valid and accurate as the data provided by each office.

It should also be noted that salary data throughout this report are approximations. Due to the number of personnel at any given rank and the diverse salaries relative to each officer, such approximations were necessary in order to perform overall summary calculations.

The completed questionnaires were reviewed for completeness and reasonableness by the South Dakota Criminal Statistics Analysis Center staff. If you have any questions regarding this information, please call Brenda Manning, Criminal Statistical Analyst, at (605) 773-6312 or e-mail Brenda at [brenda.manning@state.sd.us](mailto:brenda.manning@state.sd.us).

# General

The responding offices are arranged in ascending order by county population. This method of presentation allows the offices to make comparisons with other counties of similar size. Population estimates for 2012 are provided by the F.B.I. These estimates are derived using the most current data available from The U.S. Census Bureau. The counties are broken down by population as follows:

Population	Number of Offices	Percent Distribution	Total Number of Full-Time Officers
Under 2,000	6	10%	12
2,000 – 2,999	8	13%	23
3,000 – 3,999	9	15%	29
4,000 – 4,999	5	8%	21
5,000 – 5,999	7	11%	28
6,000 – 9,999	10	16%	53
10,000 – 19,999	8	13%	46
20,000 +	9	15%	229
<b>TOTAL</b>	<b>62</b>	<b>*100%</b>	<b>441</b>

*\*Due to rounding, figures will not total 100%*

# Budget

The survey asked to specify the budgeted sources of income for 2013. The total income available to the responding agencies ranged from a low of \$101,716 to a high of \$8,211,000 with a combined total of \$43,811,617 for all of the counties.

*Note: This does not include the Jail Budget (\$42,224,586) listed in the jail section for offices that have a completely distinct budget for their jails. One office did not report this information.*

Sheriff offices were asked what percent of their total budget for 2013 comes from grants. Percentages range from a low of 0% to a high of 34%. Grants issued to these agencies provided funding for various programs and came from agencies such as: COPS, Highway Safety, Homeland Security, etc.

## **Budget by Office**

## Per Capita Cost of Law Enforcement

The 62 reporting sheriff offices serve counties ranging in size from 1,014 to 173,681 people. The combined total population of these jurisdictions is 807,837. By dividing the budget total expenses for all responding agencies, \$43,811,617, by the combined population of 807,837, a per capita cost of county law enforcement services of \$54.23 is obtained. The per capita cost ranged from a low of \$10.24 for Todd County which falls into the population groupings of 6,000 to 9,999 to a high of \$200.42 for Miner County which falls into the population groupings of 2,000 to 2,999.

Separating the counties into their population groupings, the budget breakdown and costs per capita can be further analyzed:

Population	Budget	Population	Per Capita Cost
Under 2,000	*\$924,163	*7,058	*\$130.94
2,000 – 2,999	\$2,024,441	19,786	\$102.32
3,000 – 3,999	\$2,246,995	30,155	\$74.51
4,000 – 4,999	\$1,754,982	21,489	\$81.67
5,000 – 5,999	\$2,375,212	38,802	\$61.21
6,000 – 9,999	\$5,030,718	76,700	\$65.59
10,000 – 19,999	\$4,369,559	116,604	\$37.47
20,000 +	\$25,085,547	495,833	\$50.59
<b>TOTAL</b>	<b>*\$43,811,617</b>	<b>*806,427</b>	<b>*\$54.33</b>

\*Hyde County did not provide a budget for the year so they were not included in this table for budget or population.

## Office Size

The 62 offices reported that they employ a total of 441 full-time, sworn personnel. There are approximately 5 county law enforcement officers for every 10,000 people in all of the South Dakota counties surveyed.

## Sworn Personnel

The Sheriff's salary schedule is set by SDCL 7-12-15. The statute states: "The board of county commissioners shall establish, by resolution, the salary payable to the sheriff. The salary payable may not be less than the following schedule based upon the most recent decennial federal census of population of counties. The board of county commissioners may not decrease the salary of the sheriff during consecutive terms of office of the sheriff. Any sheriff having responsibility for managing a full-time jail shall receive an additional ten percent added to the base salary listed in this section."

County Population	Salary Schedule
Below 10,000	\$35,700
10,000-14,999	\$38,700
15,000-24,999	\$39,900
25,000-69,999	\$44,700
70,000 and over	\$48,600

## **Officer Salaries**

The offices were asked to report the total number of their full-time sworn personnel by rank and to give the current annual salary for each rank. If there were more than one officer at a given rank, departments were asked to report the average salary for the position. The following table illustrates this breakdown:

<b>Rank</b>	<b>Number of Officers</b>	<b>Highest Salary</b>	<b>Lowest Salary</b>	<b>Average Salary</b>
Sheriff	62	\$107,702	\$30,000	\$49,600
Assist. Sheriff	1	\$67,000	\$67,000	\$67,000
Chief Deputy	32	\$96,541	\$28,000	\$42,792

One hundred and thirty-three officers (30%) have worked in their current office one to five years. One hundred and twenty-three officers (28%) have worked in their office six to ten years.

## Age

The survey asked to specify the number of full-time sworn personnel by officers that fell into certain age ranges as of January 1, 2013.

Age Category	Total Officers	Percent Distribution

## **Education**

Since October 1, 1971, the Law Enforcement Standard and Training Commission require a high school diploma, or the equivalent (GED), before any officer may be enrolled in the Officer Certification Course. This course is necessary for certification as a law enforcement officer. Individual offices may have further minimum requirements for education to get hired or to achieve specific ranks within their particular agency.

The following table depicts the highest level of education attained by the full-time, sworn personnel.

<b>Education</b>	<b>Total Officers</b>	<b>Percent Distribution</b>
High School or G.E.D.	180	41%

*\*\*Due to rounding, figures will not total 100%.*

## **Turnover**

Thirty-four of the responding 62 offices (55%) had no full-time officers leave their office during 2012. Twenty offices had a total of 24 officers resign; six offices had a total of nine officers retire; and six offices had a total of six officers dismissed. No offices reported any officer deaths.

## **Insurance Benefits**

South Dakota sheriff offices provide a wide variety of insurance plans for officers and their families. Many offices pay for these plans in full or in part, thereby reducing the financial burden on each officer.

Forty-three offices (69%) pay full health insurance premiums for their officers.

The following table illustrates the types of insurance available to the officer and his/her family and the level of premium paid by the office:

Insurance	Officers Full Premium	Officers Partial Premium	Officers No Premium	Family Full Premium	Family Partial Premium	Family No Premium

# Weapons

## On Duty Handguns

Offices were asked to report the number and caliber of the handguns used by sworn personnel on-duty. The following table shows the number of offices that utilize each caliber and the total number of handguns issued for each caliber.

Calibers	Number of Offices
.380	2
.38 / .357	2
9 mm	8
.357 Sig	1
.40	55
.45	22
Other	1

*Note: Some offices have more than one caliber of handgun used by the sworn personnel on-duty. Therefore, the total will not equal the total number of offices that responded to the survey.*

## On Duty Rifles and Machine Guns

Offices were asked to report the number and caliber of the rifles and machine guns used by sworn personnel on-duty. The following table shows the number of offices that utilize each caliber and the total number of rifles and machine guns issued for each caliber.

Calibers	Number of Offices
.22	4
.223	51
.308	14
.40	1
Other	2

*Note: Some offices have more than one caliber of rifle and machine gun used by the sworn personnel on-duty. Therefore, the total will not equal the total number of offices that responded to the survey. One office did not report this information.*

## **Shotguns**

Sixty-one offices (98%) report issuing a total of 319 shotguns. The only county that reported that they did not have any shotguns was Minnehaha. Pennington County reported the highest total of shotguns with a total of 44 shotguns.

## **Less-Lethal Rounds**

Ten (16%) report utilizing less-lethal rounds consisting of bean bags, rubber pellets, gas, pepper balls, sage rounds, and distraction poppers.

## **Taser**

Forty-six offices (74%) report owning a total of 240 tasers. Pennington County reported the highest total of tasers with a total of 20.

## **Sheriff Dogs (K-9)**

Five sheriff offices (8%) reported owning a total of five dogs. Those five offices reported that their dog is used primarily for drug detection work. None of the dogs have been used for search and rescue. The five offices are: Brookings County, Corson County, Jerauld County, McCook County, and Spink County.

One office (McCook County) is planning to purchase another dog within the next two years.

# Contract Law Enforcement

A section of the survey was devoted to sheriff offices providing law enforcement services to municipalities in their jurisdictions. \*Sixty-one (98%) of the 62 responding sheriff offices reported a total of 290 municipalities located within their counties. Thirty-eight (61%) of these offices have a contract to provide law enforcement services to at least one of the municipalities in their county. There are a total of 102 municipalities that have a contract with their Sheriff Office.

Seven sheriffs, including Aurora County, Deuel County, Douglas County, Faulk County, Marshall County, McCook County, and Stanley County indicated that their offices provide contract law enforcement services for all of the incorporated areas within their jurisdictions. Twenty-three (37%) of these offices do not contract with any of the municipalities in their county. Out of those 23 offices, Meade County does provide law enforcement for a non-contracted municipality in their county.

Out of the 38 offices that do contract with a municipality in their county, 11 of them have a contract based on an hourly rate. Twenty-four of the offices that have contracts based on a set negotiated amount. Three of the offices that have contracts based on something other than the type of contracts stated above.

Eight offices (12%) have a year round contract to provide law enforcement services for federal agencies. Four offices patrol federally owned property. The other four offices provide jail administration for federal agencies.

*\*Note: One office did not report this information.*

## **Cities Not Under Contract**

Eight offices (13%) report a total of nine cities that have closed their police departments and have NOT contracted with the local sheriff's office even though they have significant public safety needs.

Forty-one offices (66%) report that a collective total of 138 cities of less than 1,000 in population are not under contract with the sheriff's office.

*Note: One office did not report this information.*

# Warrants

Fifty-eight offices served 34,012 warrants and 59 offices received a total of 43,110 in 2012. As of January 1, 2013, 56 offices reported a total of 51,974 warrants still pending.

Fifty-four offices served 2,643 out-of-county warrants and 54 offices received 1,871 out-of-county warrants. Twenty-nine offices reported spending a total of \$255,751 in extradition costs.

Many offices have full-time and part-time dedicated positions to the processing of warrants. Forty-two offices reported 141 full-time officers and six offices have 12 part-time officers. Twenty offices have 44 full-time civilians and 13 offices have 16 part-time civilians.

Some counties do not have warrant data available. Therefore, the statistics presented here should not be viewed as comprehensive totals for statewide warrant numbers. These totals are lower than the actual statewide totals would be.

# Civil Process

Sixty offices served a combined total of 73,022 civil papers in 2012. Fifty-eight offices collected \$1,235,809 in civil fees that were turned over to the county treasurers. Fifty offices collected \$228,758 in mileage fees related to the civil process. Five counties (Coddington, Hand, Harding, Pennington, and Turner) have constables to aid in the civil process.

Some counties do not record their civil process activities. Therefore, the statistics presented here should not be viewed as comprehensive totals for statewide civil process procedures. These totals are lower than the actual statewide totals would be.

Most of the sheriff offices keep track of the degree of satisfaction for executions served based on the amount of fees returned to the County Treasurer. Fifty-six offices returned 5,768 executions in 2012, with 50 offices reporting a total dollar value of \$1,876,135. Forty-eight offices reported 654 executions were returned fully satisfied. Forty-one offices reported 636 executions were returned partially satisfied. Fifty-two offices reported 3,163 executions were returned unsatisfied. Twenty-seven offices reported 614 executions were still pending. Twenty-six offices reported 332 executions carried over from previous years. Seventeen offices reported 182 executions that received no action (i.e., aid to garnishment, etc.). These 182 were included in the total executions sum of 5,768. There were 187 executions from one county included in the total that could not be broken down into individual categories.

The degree of satisfaction should not be seen as a reflection on the quality of work done by the specific sheriff offices. Many factors are involved in whether an execution is satisfied or not, and these factors will vary among jurisdictions. One such factor includes executions that receive no action because they are in aid of garnishment.

Thirty-three offices reported collecting a total of \$550,026 in delinquent taxes. Nine offices collected property taxes collected for the local county totaling \$64,027. Twenty-four counties collected mobile home taxes for the local county totaling \$305,320. Twenty-five counties collected sales and unemployment taxes for the state totaling \$171,703. Eight offices collected \$8,976 in taxes that could not be broken down into a specific category.

## **Training**

### **Officer Advanced Training**

Offices were asked how many hours of advanced training are received per officer, per calendar year on average. Officers received advanced training in 60 offices (97%). The number of hours ranged from a low of five to a high of 75 hours. Thirty-one offices reported 20 hours of advanced training per office, per calendar year. Eight offices reported 30 hours.

Forty-seven offices (75%) require a certain number of advanced training hours per calendar year for officers. The number of hours per year required ranged from a low of 8 hours to a high of 40 hours per year. The majority of the offices (35) reported 20 hours per year.

Offices were also asked what they thought the minimum requirement of advanced training hours per year should be. Fifty offices (81%) responded with a range of answers from 5 to 40 hours per year. Thirty-four offices (55%) reported 20 hours should be required.

Twenty-six offices added what types of training their offices would like to see. Most of the responses vary widely. Here are some of the requested classes:

- 7 Active Shooter
- 6 Crime/Unattended Death Scene Investigation
- 5 Drug Investigation
- 5 Interviewing Suspects

## **Sworn-Personnel Firearms Qualification**

Sixty-one offices (98%) are required to qualify their firearms. Yearly qualification is required by 51 offices (82%). Eight offices (13%) require semi-annual qualification. Two offices (3%) require quarterly qualification.

*Note: One office did not report this information.*

## **Jailer Advanced Training**

*Note: for the jailer advanced training section we now have a total of 63 respondents. This is because we count Pennington County Juvenile Services Center as a separate office.*

Offices were asked how many hours of advanced training are received per jailer, per year on average. Jailers received advanced training in twenty-three offices (37%). The number of hours ranged from a low of one hour to a high of 40 hours. Seven offices (11%) reported 8 hours of advanced training per jailer, per year.

Ten offices (16%) require a certain number of advanced training hours per year for jailers. The number of hours ranged from a low of 4 to a high of 40 hours. Six offices require 20 or more hours.

*Note: One office did not report this information.*

## **Correctional Officer Certification**

*Note: for the correctional officer certification section we now have a total of 63 respondents. This is because we count Pennington County Juvenile Services Center as a separate office.*

Fifty-three offices (84%) are in favor of a requirement that correctional officers have to be certified.

*Note: One office did not report this information.*

# Policies

## Pursuit Driving

Offices were asked if they had a written policy on pursuit driving. Fifty-six offices (90%) do have a written policy. Offices that have a written policy on pursuit driving were asked to check the option that best fit their policy. The breakdown is as follows:

- 31 Restricted criteria based on speed/offence, etc.
- 34 Decision left to officer's discretion.
- 36 Decision left to supervisor's discretion.
- 9 All vehicle pursuits are discouraged.
- 2 Other\*

*\*The two offices that choose "other" specified their answer. Marshall County reported that pursuits must be terminated when unreasonable risk to the public officer and perpetrator. One county reported that they were unsure. One office did not report.*

## Use of Deadly Force

Fifty-five offices (89%) do have a written policy on use of deadly force.

*Note: One office did not report this information.*

## Violations of Protection/Stalking Orders

Offices were asked if they had a written policy regarding arrest for violations of protection/stalking orders. Thirty-seven offices (59%) do have a written policy. Offices that have a written policy on violations of protection/stalking orders were asked to check the option below that best fit their policy. The breakdown is as follows:

- 26 Mandatory arrest policy
- 11 Pro-arrest policy
- 2 Other\*

*\*The two offices that choose "other" specified their answer. Hand County reported that they follow the laws as written in SDCL. Pennington County reported that mandatory arrest on most protection order/stalking violations per SD statute. One office did not report.*

## **Protective Body Armor**

Twenty-nine offices (47%) have a written policy requiring sworn officers to wear protective body armor. All 29 offices that have a written policy responded that their office provides body armor.

*Note: One office did not report this information.*

## **Use of Electric Conductive Devices**

Forty-four offices (71%) have a written policy on the use of electric conductive devices (i.e. tasers, stun guns etc.).

*Note: One office did not report this information.*

*Students from the 152<sup>nd</sup> Session of the Basic Officers Certification Course.*

# County Jails

*Note: for the jail section there are a total of 63 respondents. This is because we include Pennington County Juvenile Services Center as a separate office - jail only.*

## **Jail Facilities Out-Of-County**

Thirty-seven (59%) of the counties responding to the survey have a formal contract with another jurisdiction to house prisoners. Seven of these counties operate their own jail facility. Twenty-five counties did not report a formal contract.

The following statistics vary in that some facilities did not track some of the specific statistics. Twenty-six did not report total fees, Twenty-seven did not report total prisoners, and twenty-six did not track their mileage.

There were a total of 5,084 prisoners reported housed in another county's jail facility. Of these total prisoners, 4,999 were reported by counties without jail facilities. The number of prisoners taken to another county's jail facility ranged from one prisoner in one county to 1,825 prisoners in another county.

The responding sheriff offices traveled over 435,984 miles transporting prisoners. Of these total miles, 387,925 were reported by counties without jail facilities. The miles traveled to transport prisoners ranged from 35 miles in one county to 100,000 miles in another county.

The jail fee paid for each prisoner per day ranged from \$45 to \$93. When juveniles were specified, the fee ranged from \$125 to \$150. Eleven counties paid \$50 per prisoner per day, and seven counties paid \$65 per prisoner per day. The total reported dollar amount spent by responding offices in 2012 for jail fees to other jurisdictions was \$2,633,636. Of this total, \$2,553,611 was reported by counties without jail facilities.

## **Jail Facilities In-County**

Twenty-eight (44%) of the counties responding to the survey operate a jail facility. Sixteen (25%) of these facilities are classified as Regional Jail Centers; that is, they house prisoners from other jurisdictions as well as from their own. Another ten (16%) have Full Jail Facilities and are able to house their own prisoners for extended periods of time (longer than 72 hours). Two (3%) of the counties have Limited Holding Facilities which are limited to housing prisoners for less than 72 hours. After 72 hours of being incarcerated, the prisoners in the Limited Holding Facilities must be transported to a Regional Jail Center in a neighboring jurisdiction. Thirty-five offices reported they do not have a jail facility. Of the 28 counties that have a jail facility, 13 (46%) of them have a contract with the U.S. Marshal Service to board federal prisoners.

# Jail Budget

Thirty-eight offices reported a combined jail budget total of \$42,224,586.

*Note: One office did not report this information.*

## Jail Personnel

Twenty-seven offices report a total of 688 employees involved in the operation of the jail facilities. Eighty-two percent (565) of these are full-time employees, with 18% (123) working part-time. The jail personnel are involved in direct custody functions, clerical/maintenance activities, and/or the administration of the facilities.

Jail Personnel	Full-Time	Part-Time	Total Employees
Male	330	63	393
Female	235	60	295
<b>TOTAL</b>	<b>565</b>	<b>123</b>	<b>688</b>

Out of the 28 offices that operate jail facilities, 14 offices have correctional officers that have shared duties. Collectively, the number of correctional officers that have shared duties breaks down as follows:

Jail Personnel	Total Employees
Correctional Officers/Deputies	11
Correctional Officers/Dispatchers	49
Correctional Officers/Secretaries	3
Correctional Officers/Other Combinations	31
<b>TOTAL</b>	<b>94</b>

Eight of these offices have jail personnel that are certified through CALEA (The Commission on Accreditations for Law Enforcement).

Jail Personnel	Total Employees
Full-Time	154
Part-Time	7
<b>TOTAL</b>	<b>161</b>

Twenty-six of the 28 offices that operate jail facilities, reported salaries for their full-time correctional officers. The salaries reported range from \$19,968 to \$75,588 with an average salary reported of \$31,865. Twenty-four offices reported the average hourly rate of pay for the part-time correctional officers. The rate of pay ranges from \$9.75 to \$19.65 an hour with an average of \$13.26.

Six offices of the 28 offices that operate jail facilities had no correctional officers leave their office during 2012. Nineteen offices had a total of 109 correctional officers resign; six offices had a total of eight correctional officers retire; and five offices had a total of 12 correctional officers dismissed. No offices reported any correctional officer deaths in 2012.

## **Holding Capacity**

The following table breaks down the collective holding capacity of the jails by each category:

<b>Holding Capacity Category</b>	<b>Number</b>
Number of Male Prisoners	1,844
Number of Female Prisoners	464
Number of Juvenile Prisoners	82
Unknown	*20
<b>TOTAL</b>	<b>2,410</b>

*\*One office did not break down prisoner type by category.*

Collectively, 60,417 prisoners were received and 57,198 were released in the calendar year 2012. Two counties did not report any data. The total number of prisoner days was 605,950. Five counties did not report any data.

The table below analyzes prisoner days for inmates held for other jurisdictions:

<b>Out-Of-County Prisoner Days</b>	<b>Number</b>
Neighboring County Prisoner Days	55,621
Federal Prisoner Days	85,726
<b>TOTAL</b>	<b>*141,347</b>

*\*Six counties did not report any data.*

## **Jail Fees**

The jail fee charged for each prisoner per day ranged from \$25 to \$86 for adults and \$125 to \$241.50 for juveniles. Six counties charge \$50 per prisoner per day, and four counties charged \$65 per prisoner per day. The total reported dollar amount received by responding offices in 2012 for jail fees received from other jurisdictions was \$10,435,526\*.

Out of the 28 offices that operate jails 13 (46%) charge room and board even if the inmate is not on work release. The room and board charged per day ranged from \$6 to \$65. Four counties charge \$10 per prisoner per day, and three counties charged \$25 per prisoner per day. The average charged per day is

\$20.85. The total reported dollar amount collected by responding offices in 2012 for county work release monies was \$1,796,810\*.

*\*Two counties did not report any data.*

## **Convicted/Unconvicted Inmates**

County jails often serve a dual function as detention facilities for the non-convicted and as confinement facilities for persons convicted of offenses. The following table analyzes this information collectively:

<b>Detention/Confinement Facilities</b>	<b>Total Prisoners</b>	<b>Percent Dist.</b>
The number of prisoners in 2012 who were convicted inmates.	7,912	13%
The number of prisoners in 2012 who were non-convicted inmates.	26,321	44%
Unknown (Meade, Minnehaha, Roberts, and Yankton)	25,626	43%
<b>TOTAL</b>	<b>*59,859</b>	<b>**100%</b>

*\*Fourteen counties did not have records available to report these figures.*

*\*\* Due to rounding, figures may not total 100%.*

## **Jail Age**

The average age of a jail facility is 41 years. The range was from three years old to 105 years old.

The remaining information collected for the jails is presented in tables following the "Jail Definitions". The counties are arranged alphabetically within the following categories: 1) Regional Jail Centers; 2) Full Jail Facilities; 3) Limited Holding Facilities; and 4) Counties Without Jail Facilities. Definitions are provided for clarification.

## **Jail Definitions**

***Regional Jail Center*** – jail facility which houses prisoners from at least one other jurisdiction in addition to the county's own prisoners.

***Full Jail Facility*** – able to house county's own prisoners for extended periods of time (longer than 72 hours).

***Limited Holding Facility*** – limited to holding prisoners for less than 72 hours. Any prisoner who must be incarcerated for more than 72 hours must be transported from a limited holding facility to a regional jail center.

***Total Jail Personnel*** – includes both full and part-time employees involved in jail operations. May include personnel with other responsibilities in the office.

***Receive Prisoners From*** – the counties a regional jail center will receive prisoners from.

***Total Prisoner Days*** – the sum total of days that each prisoner spent in jail. For example, three prisoners for four days equals 12 prisoner days.

***Out-Of-County Prisoner Days*** – number of prisoner days when inmates were held for other jurisdictions, such as neighboring counties and federal agencies.

***Daily Fee Charged*** – price charged per day to other jurisdictions for boarding their prisoners.

***Prisoners Received*** – number of prisoners received by the facility in the year 2012.

***Prisoners Taken To*** – jurisdiction where counties with a limited holding facility or no jail facility take their prisoners.

***Total Prisoners Transported*** – number of prisoners the county had to transport to another jail facility in the year 2012.

***Mileage Transporting Prisoners*** – number of miles traveled by the office transporting prisoners to another facility in the year 2012.

***Daily Fee Paid*** – price paid per day to another jurisdiction for boarding of prisoners.

***Total Jail Fees Paid*** – total dollar amount spent by the office in the year 2012 in jail fees to other jurisdictions.

***Total Jail Fees Received*** – total dollar amount received by regional jail centers from other counties for boarding their prisoners.

***Work Release Monies Received*** – dollar amount of county work release monies collected by the office in the year 2012.
