

A photograph of a prison cell. The cell is constructed of light-colored concrete blocks. The door is made of vertical metal bars and has a brass handle. A person's hands are clasped together and resting on the bars. The lighting is dim, with a blueish tint on the left and a warmer, yellowish light coming from the right, possibly from a window or a light source inside the cell.

Survey Method

In January 2009, the South Dakota Criminal Statistics Analysis Center (SAC) surveyed sheriff offices in the State. A survey questionnaire accompanied by a cover letter was sent to all sheriff offices.

This was the 13th time the SAC compiled statewide management data pertaining to South Dakota sheriff offices. The results of this survey are intended to provide sheriffs with a valid means of comparing expenditures and resources of offices across the State. In addition, the results should provide the sheriffs with a substantial basis from which to justify future managerial decisions.

Currently, there are 66 sheriff offices in South Dakota (this figure does not include tribal agencies). Fifty-seven offices returned surveys yielding a total response rate of 86%.

The survey instrument is a self-report completed by the sheriff or office staff. All questions were designed to be objective; however, some questions may have been subject to different interpretations. Thus, this report can only reflect summary results that are as valid and accurate as the data provided by each office.

It should also be noted that salary data throughout this report are approximations. Due to the number of personnel at any given rank and the diverse salaries relative to each officer, such approximations were necessary in order to perform overall summary calculations.

The completed questionnaires were encoded and verified by the South Dakota Criminal Statistics Analysis Center staff. If you have any questions regarding this information or desire additional copies of this report, please call Brenda Manning, Criminal Statistical Analyst, at (605) 773-6312 or e-mail Brenda at brenda.manning@state.sd.us.

General

The responding offices are arranged in ascending order by county population. This method of presentation allows the offices to make comparisons with other counties of similar size. Population estimates for 2008 are provided by the F.B.I. These estimates are derived using the most current data available from The U.S. Census Bureau. The counties are broken down by population as follows:

Population Groupings	
Population	Number of Offices
Under 2,000	4
2,000 – 2,999	10
3,000 – 3,999	5
4,000 – 4,999	4
5,000 – 6,999	9
7,000 – 9,999	8
10,000 – 19,999	8
20,000 +	9
TOTAL	57

Eight sheriff offices are the only entity housed within their building while 49 sheriff offices are housed with other offices, agencies, etc.

Of the 49 offices that are housed with others, 17 sheriff offices share personnel with the other entities housed within their building; 32 do not share personnel.

When asked if their office shares equipment with other entities housed within their building, 34 sheriff offices said yes; 15 do not share equipment.

Budget

The survey asked to specify the budgeted sources of income for 2009. The total income available to the responding agencies ranged from a low of \$83,235 per year to a high of \$8,037,859 per year. *Note: This does not include the Jail Budget (\$42,636,957) listed on page 27 for offices that have a completely distinct budget for their jails.*

Income			
Income Source	Number of Counties	Combined Budget Income	Percent Distribution
County Funds	57	\$36,334,217	89%
State Funds	4	\$294,673	1%

Sheriffs were also asked to provide a breakdown of their total budgeted office expenses by specific categories. The following table illustrates the cumulative totals for each.

Expenses

Per Capita Cost of Law Enforcement

The 57 reporting sheriff offices serve counties ranging in size from 1,358 to 179,291 people. The combined total population of these jurisdictions is 775,514. By dividing the budget total expenses for all responding agencies, \$40,735,859, by the combined population of 775,514, a per capita cost of county law enforcement services of \$52.53 is obtained. The per capita cost ranged from a low of \$32.80 for the population grouping 10,000 to 19,999 to a high of \$111.15 for the population grouping of under 2,000.

Separating the counties into their population groupings, the budget breakdown and costs per capita can be further analyzed:

Sworn Personnel

The offices were asked to report the number of their full-time sworn personnel by rank; the following table illustrates this breakdown:

Rank	Number of Officers	% of Personnel
Sheriff	57	14%
Assist. Sheriff	3	1%
Chief Deputy	38	9%
Captain	3	1%

Officer Salaries

The Sheriff's salary schedule is set by SDCL 7-12-15. The statute states: "The board of county commissioners shall establish, by resolution, the salary payable to the sheriff. The salary payable may not be less than the following schedule based upon the most recent decennial federal census of population of counties. The board of county commissioners may not decrease the salary of the sheriff during consecutive terms of office of the sheriff. Any sheriff having responsibility for managing a full-time jail shall receive an additional ten percent added to the base salary listed in this section."

County Population	Salary Schedule
Below 10,000	\$35,700
10,000-14,999	\$38,700
15,000-24,999	\$39,900
25,000-69,999	\$44,700
70,000 and over	\$48,600

The Sheriffs were asked how the wages/salaries of the sworn officers (other than themselves) in their offices are determined. Thirty-five (61%) of the responding offices indicated the salaries were established at the discretion of County Commissioners. Sixteen (28%) of the offices reported that a salary schedule or policy is in effect. Four (7%) offices reported that salaries are determined by Union Contract. Two (4%) offices reported that salaries are determined by Law Enforcement Board.

Seventy (17%) of the full-time, sworn county law enforcement officers in South Dakota are from 35-39 years old. For the 417 officers reported by offices, the gender breakdown is: 394 (94%) male and 23 (6%) female.

Education

Since October 1, 1971, the Law Enforcement Standard and Training Commission requires a high school diploma, or the equivalent (GED), before any officer may be enrolled in the 12 Week Basic Certification Training Session. This course is necessary for certification as a law enforcement officer. Individual offices may have further minimum requirements for education to get hired or to achieve specific ranks within their particular agency.

The following table depicts the highest level of education attained by the full-time, sworn personnel.

Officer Personnel Benefits

Sheriffs were asked if the office provided any of the following benefits shown in the table below to full-time sworn personnel during calendar year 2009:

Benefit	Yes	No
Retirement Program	55	2
Extra Pay for Time in Court	19	38
Compensation Time for Time in Court	16	41
Extra Pay for Longevity with Office	38	19
Extra Pay for Swing or Night Shift Duty	7	50
Uniform Provided (or cash allowance)	49	8
Cleaning Allowance for Uniforms	1	56
Clothing Allowance for Plain Clothes Officers	8	49
Weapons Furnished	42	15
Basic Equipment Furnished (i.e. handcuffs, leather, batons, etc.)	54	3
Cash Allowance for Equipment	5	52

Fifty-five offices (96%) of those surveyed offer a retirement program to their sworn officers. Fifty-four offices (95%) furnish basic equipment to their officers and 49 offices (86%) furnish uniforms or provide a uniform cash allowance.

Personnel Benefits

Education

Seven (12%) of the 57 responding offices provide tuition assistance for employees, 50 (88%) offices do not. None of the offices that do not provide tuition assistance are considering instituting a program that would provide tuition assistance to their employees.

Insurance

South Dakota sheriff offices provide a wide variety of insurance plans for officers and their families. Many offices pay for these plans in full or in part, thereby reducing the financial burden on each officer.

Fifty-five offices (96%) pay partial or full health insurance premiums for their officers. The following table illustrates the types of insurance available to the officer and his/her family and the level of premium paid by the office:

Insurance	Officers Full Premium	Officers Partial Premium	Officers No Premium	Family Full Premium	Family Partial Premium	Family No Premium
Life	33	5	19	3	7	47
Health	47	8	2	5	19	33

Prescription Drugs	26	12	19	5	14	38
Vision	7	8	42	-	6	51
False Arrest/Liability	40	-	17			

Vacation

The survey results have demonstrated great variation among the offices in vacation allotments, sick leave, and the number of paid holidays offered officers. Below is a table showing the method of accumulation for vacation time and number of agencies that utilize each method:

Method of Accumulation	Number of Offices	Percent Distribution
Weekly	1	2%
Every Pay Period	19	33%
Monthly	24	42%
Yearly	7	12%
Based on Years of Service	3	5%
Other	1	2%
No Vacation Allotments	2	4%
TOTAL	57	100%

Sick Leave

Fifty-five offices (96%) have a sick leave policy; two offices (4%) have no sick leave policy. The amount of sick leave hours that can be earned varies from 2 to 160 hours per year. The most common policy, 26 offices, earn up to 96 hours per year.

Thirty-four offices (60%) pay a portion of unused sick time to employees when they retire. The amount that is paid back varies widely, from a range of 80 to 1,440 hours or a range of 15% to 100% of the sick leave balance.

Two offices pay a wellness benefit for unused sick time each year.

Holidays

The following table demonstrates the number of official holidays (with pay) granted for the year 2009:

Number of Holidays	Number of Offices	Percent Distribution
None	5	9%
1 - 5 Days	-	-
6 -10 Days	27	47%
11 -15 Days	25	44%
TOTAL	57	100%

Overtime

The following table shows what type of compensation, if any, is provided to officers who work overtime and the number of offices that utilize each type of compensation (an office may list more than one type of compensation):

Compensation	Line Officers	Supervisory Officers
Compensatory Time (Time off for overtime worked)	22	14
Paid Overtime (Extra pay earned for overtime worked)	29	9

Thirty-eight offices (67%) pay and/or compensate their line officers for overtime. Eighteen offices (32%) pay and/or compensate their supervisory officers for overtime. Thirty-one offices (54%) pay overtime, 30 offices (53%) pay at the rate of time and one-half, and one (2%) pays straight time.

Second Job

Fifty-five offices (96%) permit their officers to work a second job; two offices (4%) do not. The following table demonstrates the limitations, if any, placed on sworn officers who routinely work second jobs (an office may list more than one type of limitation):

Limitation	Number of Offices
Type of Employment is Restricted	26
Office Must Be Notified	36
There are No Limitations	6
Number of Hours Limited	8
Office Must Grant Approval	36
Other	2

Vehicles

All fifty-seven offices reported a total of 444 vehicles. There are video cameras in 268 (60%) of these vehicles. SUVs (47%) and cars (44%) make up the majority of the vehicles. Pickups account for 4% of the total vehicles.

The following table lists the number of offices per vehicle type, the number of vehicles owned or leased by those offices, and the number of vehicles with video cameras:

Vehicles (Owned or Leased)	Number of Offices	Number of Vehicles	Number with Video Cameras
Marked Cars	43	147	126
Unmarked Cars	13	47	9
Marked 4 x 4 SUV	52	161	119

Twenty-two of the 57 responding offices (39%) replace vehicles per Commissioner's Discretion. Sixteen offices (28%) replace vehicles based on both age and mileage; seven offices (12%) replace vehicles based on mileage; and two offices (4%) replace vehicles based on age. Ten offices (18%) indicated that they had no schedule or policy for replacing vehicles.

Specialized Equipment

The following table itemizes the specialized equipment owned by sheriff offices as a whole and gives the number of offices that own the specific equipment as listed. The percentage of offices that own each type of equipment is also listed:

Equipment	Number of Offices	Percent Distribution
Bulletproof Vest	51	89%
Vehicle Cage/Protective Screen	53	93%
Tranquilizer Rifle	1	2%
Fingerprint Kit	55	96%

At the end of this publication are tables that list the equipment owned by each office in their respective population grouping.

Weapons

Twenty-two offices (39%) report that the duty weapon can be used only on duty. Of the thirty-three offices (58%) that allow a backup weapon to be carried, five offices allow any caliber and four offices report that the caliber used is the sheriff's preference. The other twenty-eight offices allow calibers such as 9mm, .40, .45, .38, and .357. Four of the nineteen offices who have a policy on off-duty weapons allow any caliber.

Office-Issued Handguns

Offices were asked to report the number and caliber of the office-issued handguns. The following table shows the number of offices that utilize each caliber and the total number of handguns issued for each caliber:

Shotguns

Fifty-five offices (96%) report issuing a total of 305 shotguns. Thirty-nine counties (68%) carry both shotguns and rifles in their vehicles, twelve (21%) carry shotguns, and four (7%) carry rifles.

Less-Lethal Rounds

Eight offices (14%) report utilizing less-lethal rounds consisting of bean bags, rubber pellets, gas, pepper balls, sage rounds, and distraction poppers.

(L to R) Summer 2009 Interns Elizabeth Fredrich and Sarah Farnsworth observed an exercise of the 12 Week Basic Certification Training Session performing a building search using less-lethal rounds.

Tasers and Stun Guns

Twenty-nine offices (51%) report owning a total of 149 tasers. Three offices (5%) report owning five stun guns.

Community Policing

Forty-five (79%) of the responding offices participate in a child fingerprinting program. Twenty-six offices (46%) participate in Bicycle Helmet/Safety. Twenty-four (42%) of the responding offices participate in Speakers on Crime Prevention. The following table shows how many offices participate in the following programs:

Contract Law Enforcement

A section of the survey was devoted to sheriff offices providing law enforcement services to municipalities in their jurisdictions. Fifty-five (96%) of the 57 responding sheriff offices reported a total of 290 municipalities located within their counties. Thirty-four of these offices have a contract to provide law enforcement services to at least one of the municipalities in their county. Nine sheriffs, including Aurora County, Beadle County, Campbell County, Custer County, Edmunds County, Marshall County, McCook County, Miner County, and Ziebach County, indicated that their offices provide contract law enforcement services for all of the incorporated areas within their jurisdictions.

Fourteen offices are paid based on an annual rate, with a range of \$6,450 to \$336,918. Ten offices are paid based on an hourly rate with a range of \$14.58 to \$32.00. Five offices are paid based on various per city rates. Four offices reported “other” for the method of payment. One office is paid based on the per capita rate of \$70.81.

All of the 34 offices provide year-round contract services. The number of hours per month spent by these offices providing services to municipalities range from 20 hours to round-the-clock.

Eight offices (14%) have a contract to provide law enforcement services for federal agencies. Four of these patrol federally owned property, two provide jail administration, one office patrols federally owned property and provides jail administration, and one office provides “other”. Four of the offices provide this service year round and four offices provide it seasonally. The hours per month for year round law enforcement services range from 1,200 hours to round-the-clock.

Cities Not Under Contract

Forty-three offices (75%) report that a collective total of 169 cities of less than 1,000 population are not under contract with the sheriff's office. Several of those cities not under contract with the sheriff's office have on-call protection, police departments, and/or routine patrol.

Warrants

Fifty-one offices served 34,329 warrants and fifty-one offices received 41,717 warrants. As of January 1, 2009, forty-eight offices reported a total of 49,690 warrants pending from prior years.

Forty-four offices served 2,403 out-of-county warrants and forty-four received 2,810 out-of-county warrants. Twenty offices spent a total of \$170,735 in extradition costs, averaging \$8,537 per office.

Many offices have full-time and part-time dedicated positions to the processing of warrants. Of the responding offices, 40 offices have 114 full-time officers and 11 offices have 25 part-time officers. Fifteen offices have 37 full-time civilians and eight offices have 9 part-time civilians.

Civil Process

Fifty-two sheriff offices served a combined total of 76,568 civil papers in 2008. Fifty-one offices collected \$1,216,370 in civil fees that were turned over to the County Treasurers. Forty-one offices reported collection of \$163,344 for mileage fees that were related to the civil process. Four counties (Fall River, Hand, Pennington, and Turner) have constables to aid in the civil process.

Some counties do not record their civil process activities. Therefore, the statistics presented here should not be viewed as comprehensive totals for statewide civil process procedures. These totals are lower than the actual statewide totals would be.

Most of the sheriff offices keep track of the degree of satisfaction for executions served based on the amount of fees returned to the County Treasurer. Fifty-two offices returned 5,343 executions in 2008, with 49 reporting a total dollar value of \$2,414,861. Forty-seven offices reported 681 executions were returned fully satisfied. Thirty-six offices reported 562 executions were returned partially satisfied, fifty reported 3,288 were returned unsatisfied, and twenty-eight offices reported 568 executions were still pending. Eighteen offices reported 244 executions that received no action (i.e., aid to garnishment, etc.). These 244 were included in the 5,343 total executions sum.

The degree of satisfaction should not be seen as a reflection on the quality of work done by the specific sheriff offices. Many factors are involved in whether an execution is satisfied or not, and these factors will vary among jurisdictions. One such factor includes executions that receive no action because they are in aid of garnishment.

Thirty-three offices reported collecting a total of \$520,638 in delinquent taxes. Property taxes collected for the local county total \$51,896. Mobile home taxes collected for the local county total \$189,831. Sales and unemployment taxes collected for the state totaled \$251,238. Nine counties were unable to break down \$27,673 in delinquent taxes. This amount is included in the \$520,638 total delinquent taxes sum.

Sheriff Dogs (K-9)

Six sheriff offices (11%) reported owning a total of six dogs. All six offices reported that the dogs are primarily used for drug detection work. Two dogs have been used for search and rescue.

Fifty-two offices (91%) have access to a canine from another agency. One office is planning to purchase a dog within the next two years.

County Jails

Jail Facilities Out-Of-County

Thirty-one (54%) of the counties responding to the survey have a formal contract with another jurisdiction to house prisoners. Two counties did not report a formal contract. Two of these counties also operate their own jail facility.

The following statistics vary in that some facilities did not track some of the specific statistics. Four did not report total fees, four did not report total prisoners, and six did not track their mileage.

There were a total of 3,190 prisoners reported housed in another county's jail facility. Of these total prisoners, 3,161 were reported by counties without jail facilities, while 29 of these prisoners were reported by the two counties that operate their own jail facility. The number of prisoners taken to another county's jail facility ranged from three prisoners in one county to 1,337 prisoners in another county.

The responding sheriff offices traveled over 161,867 miles transporting prisoners. Of these total miles, 152,167 were reported by counties without jail facilities, while 9,700 of these miles were reported by the two counties that operate their own jail facility. The jail fee paid for each prisoner per day ranged from \$40 to \$78. Nine counties paid \$55 per prisoner per day, and eight counties paid \$45 per prisoner per day. The total reported dollar amount spent by responding offices in 2008 for jail fees to other jurisdictions was \$1,772,051. Of this total, \$1,747,883 was reported by counties without jail facilities, while \$24,168 of this was reported by the two counties that operate their own jail facility.

Jail Facilities In-County

Twenty-six (46%) of the counties responding to the survey operate a jail facility. Thirteen (23%) of these facilities are classified as Regional Jail Centers; that is, they house prisoners from other jurisdictions as well as from their own. Another eleven (19%) have Full Jail Facilities and are able to house their own prisoners for extended periods of time (longer than 72 hours). Two (4%) of the 26 counties have Limited Holding Facilities which are limited to housing prisoners for less than 72 hours. After 72 hours of being incarcerated, the prisoners in the Limited Holding Facilities must be transported to a Regional Jail Center in a neighboring jurisdiction.

Of the 26 counties that have a jail facility, eleven (19%) of them have a contract with the U.S. Marshal's Office to board federal prisoners.

Jail Budget

Twenty-six offices reported a combined jail budget total of \$42,636,957. Not all offices reported all budgeted items. The jail budgets are further analyzed for each county in detailed tables located in the back of this section. The authorized salary range (low to high) for the correctional officers is \$18,380 to \$63,578. The combined jail budget by category for reporting offices is as follows:

Budget Category	Number of Reporting Offices	Total Budgeted Amount
Personnel Salaries and Wages	26	\$17,646,655
Personnel Benefits	26	\$4,966,120
Overtime/On-call/Temporary Employees	9	\$755,540
Operating Expenses (Utilities, Contractual Services, Supplies, Food, etc.)	25	\$9,006,525
Capital Outlay (Construction, Land, Major Repairs, Equipment, etc.)	14	\$10,245,517
Other	3	\$16,600
TOTAL		\$42,636,957

When reviewing the jail budget data, it is important to realize that some offices have completely distinct budgets for their jails, separate from their office budget. Other counties cannot separate jail costs from their total budget. In these counties, it is difficult to distinguish the expenses incurred for jail personnel from the office personnel costs, and the jail operations expenses from the office expenses, etc. Budget comparisons among these counties are difficult.

Jail Personnel

The responding 26 counties report a total of 538 employees involved in the operation of the jail facilities. Eighty-five percent (458) of these are full-time employees, with 15% (80) working part-time. The jail personnel are involved in direct custody functions, clerical/maintenance activities, and/or the administration of the facilities. Eighty percent (428) of these employees are involved in direct custody functions, with titles such as correctional officer, guard, jailer, etc.

Jail Personnel	Total Employees	Full-Time	Part-Time
Direct Custody Functions – Correctional Officers, Guards, etc. - Males	243	208	35
Direct Custody Functions – Correctional Officers, Guards, etc. - Females	185	150	35
Clerical/Maintenance – Typing, Filing, Cooking, Cleaning	63	53	10
Administrative – Sheriff, Chief Correctional Officer, Assistants, etc.	47	47	-
TOTAL	538	458	80

It should be noted that the meaning of the term “jail personnel” will vary among offices. Of the 26 responding offices, 15 counties report that jail personnel have varied responsibilities within the offices; such as deputies, dispatchers, and secretaries in combination with their duties as correctional officers. These split responsibilities should be noted when examining the detailed tables in the back of this section for the specific offices.

Collectively, the number of correctional officers that have shared duties breaks down as follows:

- 8 Correctional Officers/Deputies
- 59 Correctional Officers/Dispatchers
- 4 Correctional Officers/Secretaries
- 18 Correctional Officers/Other Combinations

Holding Capacity

The following table breaks down the collective holding capacity of the jails by each category:

Holding Capacity Category	Number
Number of Male Prisoners	1,617
Number of Female Prisoners	388
Number of Juvenile Prisoners	35
TOTAL	2,040

Collectively, 57,979 prisoners were received and 58,763 were released in 2008.

The total number of prisoner days was 529,200. One county with a total capacity of nine did not report total number of prisoner days.

The table below analyzes prisoner days for inmates held for other jurisdictions:

Out-Of-County Prisoner Days	Number
Neighboring County Prisoner Days	51,190
Federal Prisoner Days	79,449
TOTAL	*130,639

*Bon Homme County, with a total capacity of 9, did not have records available to report these figures.

Responding agencies report that the daily jail fee charged to other jurisdictions for boarding prisoners averages \$58.04 per day. The range was \$45 to \$120. The highest fees paid were for juvenile prisoner days. The collective total amount of jail fees received from other jurisdictions in 2008 was \$7,496,497. The total amount of county work release monies collected was \$2,141,375.

County jails often serve a dual function as detention facilities for the unconvicted and as confinement facilities for persons convicted of offenses. The following table analyzes this information collectively:

Detention/Confinement Facilities	Number
The number of prisoners in 2008 who were convicted inmates.	95,942
The number of prisoners in 2008 who were unconvicted inmates.	116,360
Unknown (Beadle, Grant, Lake, Yankton counties)	4,860
TOTAL	*217,162

*Six counties with a total capacity of 299 did not have records available to report these figures. (Meade 80, Charles Mix 62, Lawrence 60, Brown 56, Fall River 28, and Day 13).

The average age of a jail facility is 41 years. The range was from 1-year-old to 100-years-old.

The remaining information collected for the jails is presented in tables following the "Jail Definitions". The counties are arranged alphabetically within the following categories: 1) Regional Jail Centers; 2) Full Jail Facilities; 3) Limited Holding Facilities; and 4) Counties Without Jail Facilities. Definitions are provided for clarification.

Jail Definitions

Regional Jail Center – jail facility which houses prisoners from at least one other jurisdiction in addition to the county's own prisoners.

Full Jail Facility – able to house county's own prisoners for extended periods of time (longer than 72 hours).

Limited Holding Facility – limited to holding prisoners for less than 72 hours. Any prisoner who must be incarcerated for more than 72 hours must be transported from a limited holding facility to a regional jail center.

Total Jail Personnel – includes both full and part-time employees involved in jail operations. May include personnel with other responsibilities in the office.

Receive Prisoners From – the counties a regional jail center will receive prisoners from.

Total Prisoner Days – the sum total of days that each prisoner spent in jail. For example, three prisoners for four days equals 12 prisoner days.

Out-Of-County Prisoner Days – number of prisoner days when inmates were held for other jurisdictions, such as neighboring counties and federal agencies.

Daily Fee Charged – price charged per day to other jurisdictions for boarding their prisoners.

Prisoners Received – number of prisoners received by the facility in the year 2008.

Prisoners Taken To – jurisdiction where counties with a limited holding facility or no jail facility take their prisoners.

Total Prisoners Transported – number of prisoners the county had to transport to another jail facility in the year 2008.

Mileage Transporting Prisoners – number of miles traveled by the office transporting prisoners to another facility in the year 2008.

Daily Fee Paid – price paid per day to another jurisdiction for boarding of prisoners.

Total Jail Fees Paid – total dollar amount spent by the office in the year 2008 in jail fees to other jurisdictions.

Total Jail Fees Received – total dollar amount received by regional jail centers from other counties for boarding their prisoners.

Work Release Monies Received – dollar amount of county work release monies collected by the office in the year 2008.
